Dakota Winter Show Sale.*

QUALITY IS THE KEY . . .

Forty-one years ago Tim, Ed and Ralph Williams, as youngsters, saved up enough money to buy a registered Shorthorn heifer. She was a Butterfly with a pedigree reaching back to the Amos Cruickshank Shorthorns. Today her progeny form a considerable part of the Williams Company herd. Looking at the Williams Company operations today, everyone will agree that this was a profitable venture.

Tim Williams has kept pace with the progress of modern Shorthorns. He has paid up to \$5,000 when he had to, to get the bull that he wanted. Only this last June he paid \$2,500 for an eight-months-old calf.

The Williams Company production sale offering has been especially hand-picked to provide some real buying opportunities. The bulls include some champions and first prize winners. The females represent the tops from the last two calf crops, and are mated to produce early calves next spring by bulls of outstanding quality. All of these are backed by the reliability and integrity of over forty years of Williams Company experience in the production of registered Shorthorns.

It is a pleasure to recommend this sale offering to all of our Shorthorn friends everywhere, and we will look forward to seeing you at the farm near Cleveland on October 4.

WERNACRES ADONIS 6th

After several hundred miles of travel this last June, Tim Williams found the young bull he had been looking for. He was only eight months of age but Wernacres Adonis 6th possessed so much character, quality and real beef-making potential that he considered him by far the best prospect he had seen after visiting many of the top herds in the nation. His sire, Aldie Chief Adonis, was a first prize winner at Perth, and a member of the reserve champion group of three bulls at Perth in 1952. He was purchased for 2800 gns. at Perth for use at Calrossie. A son brought 1000 gns. at the 1955 Perth Sale, and H. L. Wernicke & Son, Lena, Illinois, bought him as a tried sire from Calrossie. He is by Calrossie Adonis, the 5000 gns. Perth champion and sire of the dam of the world's record price Shorthorn bull, Bapton Constructor, now owned by Louada Farms, Peterborough, Ontario, Canada. The dam of Wernacres Adonis 6th is Collynie Rosewood 26th by Craggleton Bar none by Craggleton Braemar, and is from the same family that produced the champion light-weight steer over all breeds at the 1954 Chicago International.

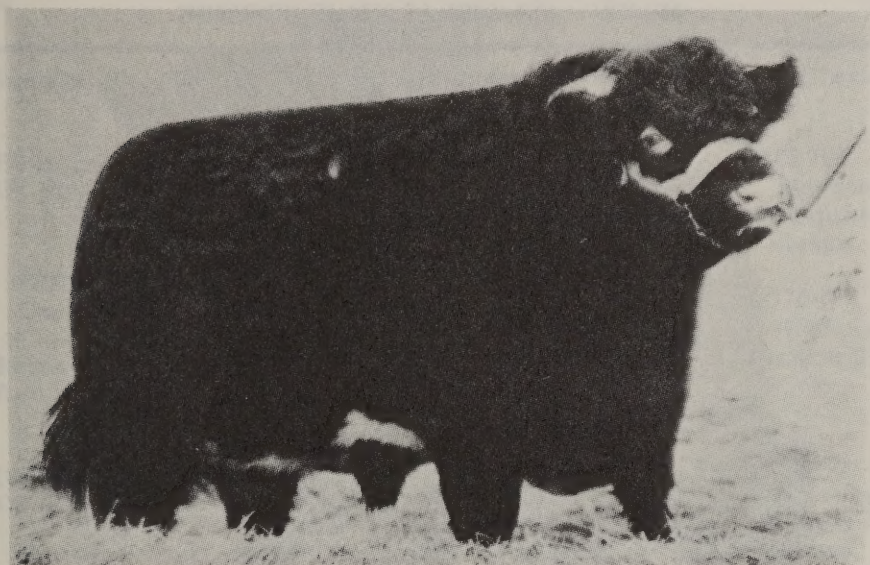

Be sure to see this outstanding \$2500 calf on sale day, and several young heifers will sell mated to him.

WILLIAMS COMPANY PRODUCTION SALE

GLASSEL BEQUEST

Glassel Bequest is a \$5,000 son of the Perth senior champion, Aldie Bequest. He was used most successfully in the Williams Company herd, and eight heifers and seven bulls that are selling are sired by one of his best sons, Ring Bequest. Several of the heifers are mated to a grandson, Prairie Bequest. Three of the bulls and heifers selling are out of dams by Glassel Bequest.

FEMCO PRINCE ROYAL 3d

Femco Prince Royal 3rd was grand champion bull at the 1952 National Shorthorn Show in San Francisco where he was also a member of the best ten head. He also won his class at the 1952 Chicago International Livestock Show, and was the first prize junior yearling at the 1951 National Show at Omaha, Nebr. He was sold by Femco Farms for \$5,000 to Alex C. Murray in Canada. One of his best sons, Femco Perfect, is now in service in the Williams Company herd and is the sire of 24 heifers and 5 bulls that are selling.

WILLIAMS COMPANY PRODUCTION SALE

SPOTLIGHT

You are going to see the name of Spotlight in many of the pedigrees of the cattle that are selling in this sale. He is the sire of Reliant Control that is the sire of three bulls selling, and he will be the grand-sire or great grandsire of 28 lots. He was grand champion Shorthorn and reserve champion over all breeds at the Valley City Futurity Show in 1946. He was acclaimed by cattlemen as one of the greatest young sires of any breed ever to be used in the middle west. He was sired by Millhills Jasper, the bull so successfully used by Sni-A-Bar Farms, and his dam is a Tomson Marigold.

ON THE FOLLOWING PAGES
ARE SOME MORE OF THE BULLS
THAT HAVE PLAYED AN IMPORTANT PART
IN THE WILLIAMS COMPANY PROGRESS

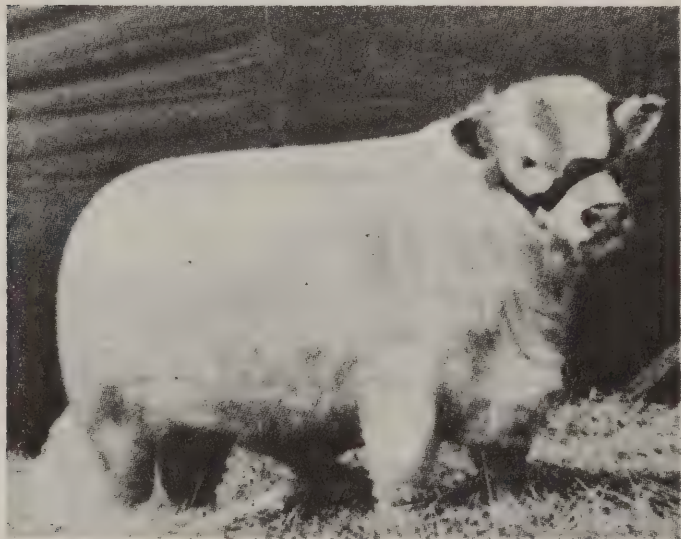

They Say A Picture Is Worth 10,000 Words. Below In 30,000 Words We Describe The Prepotence of SPOTLIGHT!

From top to bottom the bulls pictured at left are:

SILVER FLASH

Sire: Spotlight by Millhills Jasper (Imp.). Dam: A daughter of the \$4800 Killlearn Monarch 29th. Silver Flash was the reserve champion bull over all breeds at the 1949 Valley City Winter Show. He topped the Jamestown Regional last fall at \$1100, selling to Harold Hofstrand, Leeds, North Dakota.

SILVER FLASH 2d

A full brother to Silver Flash. Stood second to Spotlight Control at Valley City this year. That is the only place he has been shown. We will sell Silver Flash 2d at the Jamestown Regional in October.

SPOTLIGHT CONTROL

Grand champion Shorthorn bull, 1950 Valley City Winter Show. Purchased by Milton Bergsjoo, Delammere, North Dakota at the Valley City sale. He was sired by Spotlight and is out of a Butterfly cow by Wernacres Czar.

THE CONSISTENT OUTSTANDING PERFORMANCE OF THE SONS AND DAUGHTERS OF ACHTOI ROYAL LEADER HAS PLEASED US

Take for example the classy pair of yearlings shown here. Achtoi's Hero 2d was reserve champion and high selling bull at the 1948 Valley City Winter Show & Sale, selling to Sullivan Bros., Argusville, North Dakota. He is a full brother to Achtoi's Hero, the reserve champion and top-selling bull of the same show in 1947. They are both out of Diamond Lily of Helfred 3d by Sunray, International grand champion.

ACHTOI'S HERO 2d

QUEEN OF BEAUTY 2d

You will note that Achtoi Royal Leader by Cruggleton Achtoi, the bull that did such a great job for Arnold Brothers in Illinois, and Held Brothers in Iowa, is the grandsire or great grandsire of many of the top cattle selling in this sale.

The Williams Story

The Shorthorn business will always be great as long as folks like the Williams family of North Dakota are breed boosters.

By F. LELAND WATKINS, JR., Fargo, North Dakota

The above story was one of the feature articles in the 41st Annual Herd Bull Number of The Shorthorn World that was published on August 15, 1957. If you haven't read it, I recommend that you do so because it will not only give you a better insight on the Williams Company owners and their herd of Shorthorn cattle, but also on the early history of the North Dakota prairies. Mr. Leland Watkins, Jr., has written it in a style that makes it not only factual but very entertaining to read.

Standard Guarantee of the American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
